## Summary:

Hi! I'm Christina and I'm a highly motivated full stack developer with a passion for creating engaging and user-friendly web applications. I'm eager to leverage skills in both client-side and server-side development in order to contribute effectively to innovative projects.

## Education and Certifications:

- UTSA Bootcamp (2023-2024)
- Certified Full Stack Web Developer

## Skills:

### 1. UI/UX Design

- Creating unique web designs that are responsive, user-friendly, and visually appealing using CSS as well as other CSS frameworks such as Bootstrap, Chakra for React, and Bulma.

### 2. Front-end Functionality

- Using JavaScript to handle logic necessary for an application's intended functionality such as signup/login/logout, submitting forms, creating lists, etc.

### 3. Server-side Development

- Setting up a server for the application to operate on

#### **4. Database Management**

- Building and integrating databases into an application.

#### **5. API Integration**

- Creating new API libraries and incorporating an existing API library into an application

#### **6. Agile Web Development**

- Working collaboratively with a group using GitHub, resolving merge conflicts, etc.

#### **7. Testing and Debugging**

- Resolving errors and ensuring application functions properly

#### **Technologies Worked With:**

- HTML
- CSS
- JavaScript
- React
- Node.js
- Express.js
- MySQL
- MongoDB/NoSQL
- Insomnia
- Adobe Sandbox/GraphQL
- Render, Heroku, and Netlify
